**MOOI MGENI RIVER TRANSFER SCHEME PHASE 2 (MMTS2) –PIPELINE ROUTE
CONSULTANTS:
CYMBIAN ENVIRO SOCIAL CONSULTING SERVICES
BKS (PTY) LTD**

We act for the Mziki Estate and adjacent property Landowners.

We have been shown alternative routes for the pipeline route not to go through Mziki Estate and Portion 175 of Springvale No. 2170 and can find no engineering reason why these alternatives not should be considered.

We have considered the following:

1. Topography - Slope / Gradient / Steepness
2. Geology / rockiness
3. Hydraulic pressure and potential impacts
4. Wetlands
5. Road impacts
6. Available terrain between the R103 and the Brysiewicz property

We understand that the Consultants for the project, Messrs, BKS (Pty) Limited have stated that the alternative routes have been eliminated due to engineering reasons, and also that my Client has requested a copy of this report, but that none has been forthcoming to date. We can see no engineering reason why the alternative routes cannot be considered in the assessment; in fact the route through the Brysiewicz property is a suitable for the proposed pipeline.

We hereby request that a copy of the report be made available so that we can have the opportunity to comment on the report and to advise our Client accordingly.

Yours faithfully,
KANTEY & TEMPLER
